REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Board of Directors
University of Louisville Foundation, Inc. and Affiliates

Opinion

We have audited the consolidated financial statements of University of Louisville Foundation, Inc. and Affiliates (the "Entity"), which comprise the consolidated statement of financial position as of June 30, 2022, and the related consolidated statements of activities and changes in net assets, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the financial position of the Entity as of June 30, 2022, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for opinion

We conducted our audits of the consolidated financial statements in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Entity and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Other matter

The financial statements of the Entity as of and for the year ended June 30, 2021 were audited by other auditors who expressed an unmodified opinion on those financial statements in their report dated September 29, 2021.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Entity's ability to continue as a going concern for one year after the date the financial statements are issued.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Entity's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

University of Louisville Foundation, Inc. and Affiliates
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2022 and 2021

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

The University of Louisville Foundation, Inc. and Affiliates (ULF or the Foundation) have been designated by the University of Louisville (the University) to receive funds derived from gifts and other sources, including funds held in trusts by others. As directed by its Board of Directors (the Board), ULF transfers funds to the University upon satisfaction of donor restrictions. In addition, a portion of the Foundation's unrestricted resources provides support for certain of the University's activities.

The Foundation owns or controls the following entities, all of which are included in the consolidated financial statements of the Foundation as of June 30, 2022 and 2021, unless otherwise noted:

University of Louisville Development Corporation, LLC (ULDC) is a limited liability company formed in September 2007, whose sole member is ULF. Its purpose is to develop and manage certain real estate operations of ULF at the Shelby Campus of the University. In October 2010, ULDC became a 51% owner of Campus One, LLC (Campus One). Campus One operates a commercial real estate building on the University's Shelby Campus. This investment in the joint venture is accounted for under the equity method, since ULDC is not considered the primary beneficiary.

MetaCyte Business Lab, LLC (MetaCyte) is a limited liability company acquired in 2008, whose sole member is ULF. Its purpose is to identify and support commercially promising health science discoveries in the region.

MetaCyte Equity Holdings, LLC (MetaCyte Equity) is a limited liability company acquired in February 2008 whose sole member is ULF. Its purpose is to hold the equity shares obtained by MetaCyte Equity through development with startup corporations. MetaCyte Equity has had no activity since inception.

The Nucleus Real Properties, Inc. (TNRP) is a Kentucky not-for-profit corporation formed in July 2013, affiliated with the Foundation through a common board of directors and certain common management. TNRP's purpose is to develop the property and improvements located at the corner of Market and Shelby Streets in Louisville, Kentucky commonly known as the Atria Support Center Building, as a revenue-producing asset, in order to further the charitable and educational purposes of the Foundation and the University. TNRP filed articles of dissolution in November 2020.

The Nucleus Real Properties, LLC (TNRP, LLC) is a limited liability company formed in November 2020, whose sole member is ULF. Its purpose is to develop the property and improvements located at the corner of Market and Shelby Streets in Louisville, Kentucky commonly known as the Atria Support Center Building. TNRP, LLC is the successor entity to TNRP.

CCG, LLC (CCG) is a limited liability company formed in December 2013, whose sole member is ULF. Its purpose is to acquire and operate a first-class collegiate golf practice facility located in Shelby County, Kentucky. Formally known as the Cardinal Club, CCG is managed by the University of Louisville Athletic Association (the Association).

All significant intercompany balances and transactions have been eliminated in consolidation. The Foundation is a discretely presented component in the financial statements of the University.

Use of Estimates

The preparation of consolidated financial statements in conformity with U.S. generally accepted accounting principles (U.S. GAAP) requires management to make estimates and assumptions that affect the reported

University of Louisville Foundation, Inc. and Affiliates

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

June 30, 2022 and 2021

amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements. Estimates could also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Net Assets

Without Donor Restrictions – These are net assets that are not subject to donor-imposed restrictions. Items that affect this category principally consist of revenues and expenses associated with the core activities of the Foundation and its affiliates, along with unrestricted gifts to the Foundation.

With Donor Restrictions – These are net assets subject to donor-imposed restrictions that will be met by the Foundation or the passage of time or that include a stipulation that assets provided by retained in perpetuity while permitting the Foundation to use all or part of the investment return on these assets for specified or unspecified purposes.

Cash and Cash Equivalents

Cash includes all cash and highly liquid investments that are neither internally nor externally restricted. The Foundation considers highly liquid investments to be cash equivalents when they are both readily convertible to cash and so near to maturity (typically within three months) that their value is not subject to risk due to changes in interest rates. The amount of cash and cash equivalents carried on the consolidated statements of financial position represents fair value.

At June 30, 2022 and 2021, the Foundation's cash accounts exceeded federally insured limits. The Foundation has not experienced any losses in such accounts. Management believes that the Foundation is not exposed to any significant credit risk on cash.

Investments and Investment Return

Investments are recorded at fair value. Investment return includes interest and dividends and realized and unrealized appreciation (depreciation). Investment expenses, such as custodial fees, investment advisory fees and direct internal investment expenses involving the direct conduct or direct supervision of the strategic and tactical activities involved in generating investment return, are netted against investment return in the accompanying consolidated statements of activities. Investment securities are exposed to various risks, such as interest, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such a change could materially affect the amounts reported in the consolidated financial statements.

The Foundation includes, as a part of its portfolio, investments that are restricted by donors for use in the future activities of the University. Investment return that is initially restricted by donor stipulation is included in net assets with donor restrictions. Other investment return is reflected in the consolidated statements of activities and changes in net assets as with donor restrictions or without donor restrictions based upon the existence and nature of any donor or legally imposed restrictions.

The Foundation maintains pooled investment accounts for its endowments. Investment income and realized and unrealized gains and losses from securities in the pooled investment accounts are allocated monthly to the individual endowments based on the relationship of the fair value of the interest of each endowment to the total fair value of the pooled investment accounts, as adjusted for additions to or deductions from those accounts.

Alternative investments, including hedge funds, private equity funds, and limited partnerships, are recorded at net asset value (NAV). The NAV of alternative investments is based on valuations provided by the administrators of the specific financial instrument. The underlying investments in these financial instruments

University of Louisville Foundation, Inc. and Affiliates

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

June 30, 2022 and 2021

may include marketable debt and equity securities, commodities, foreign currencies, derivatives, real assets (such as real estate), and private equity investments.

Fair Value Measurements

ULF follows the provisions of Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, which defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a framework for measuring fair value. ASC 820 defines a three-level hierarchy for fair value measurements based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date.

ASC 820 emphasizes that fair value is a market-based measurement, not an entity-specific measurement. Therefore, a fair value measurement should be determined based on the assumptions that market participants would use in pricing an asset or liability. As a basis for considering market participant assumptions in fair value measurements, as noted above, ASC 820 defines a three-level fair value hierarchy that distinguishes between market participant assumptions based on market data obtained from sources independent of the reporting entity and the reporting entity's own assumptions about market participants. The fair value hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. The three levels are defined as follows:

Level 1 – Inputs utilize quoted market prices in active markets for identical assets or liabilities that ULF has the ability to access.

Level 2 – Inputs may include quoted prices for similar assets and liabilities in active markets, as well as inputs that are observable for the asset and liability (other than quoted prices), such as interest rates, foreign exchange rates, and yield curves that are observable at commonly quoted intervals.

Level 3 – Inputs are unobservable inputs for the asset or liability, which is typically based on an entity's own assumptions, since there is little, if any, related market activity.

In instances where the determination of the fair value measurement is based on inputs from different levels of the fair value hierarchy, the level in the fair value hierarchy within which the entire fair value measurement falls is based on the lowest-level input that is significant to the fair value measurement in its entirety. The Foundation's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the asset or liability.

Investment in Joint Venture

ULF, through ULDC, holds a 51% variable interest in a joint venture accounted for under the equity method of accounting acquired through the creation of Campus One in October 2010. The joint venture builds and manages rental properties on the University's Shelby Campus. NTS Development Company (NTS), the joint venture partner and manager, may terminate the management agreement without cause upon 60 days' written notice or terminate the management agreement for cause at any time upon prior written notice, and, in such case, NTS may require ULDC to purchase NTS's interest at fair value.

As required by U.S. GAAP, an investee's primary beneficiary is the entity that has the power to direct the investee's significant activities and has an obligation to absorb losses or the right to receive benefits that could be potentially significant to the investee. An investee must be consolidated if an entity is deemed to be the primary beneficiary of the investee.

All facts and circumstances are taken into consideration when determining whether the Foundation has variable interests that would deem it the primary beneficiary and therefore require consolidation of the related investee or otherwise rise to the level where disclosure would provide useful information to the users

University of Louisville Foundation, Inc. and Affiliates

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

June 30, 2022 and 2021

of the Foundation's consolidated financial statements. In many cases, it is qualitatively clear based on whether the Foundation has the power to direct the activities significant to the investee and, if so, whether that power is unilateral or shared, and whether the Foundation is obligated to absorb significant losses of, or has a right to receive significant benefits from, the investee. In other cases, a more detailed qualitative analysis, and possibly a quantitative analysis, are required to make such a determination.

The Foundation monitors the unconsolidated investments to determine whether any reconsideration events have occurred that could impact the conclusion to these investments. The Foundation reconsiders whether it is the primary beneficiary of an investee on an ongoing basis. A previously unconsolidated investee is consolidated when the Foundation becomes the primary beneficiary. A previously consolidated investee is deconsolidated when the Foundation ceases to be the primary beneficiary.

The Foundation has concluded it is not the primary beneficiary of this joint venture, since most of the daily operations and key operating decisions are conducted by NTS, and, therefore, the entity is not consolidated.

At June 30, 2022 and 2021, the Foundation's loss in excess of its investment was approximately \$(607,000) and \$(456,000), respectively, and is included within investments on the accompanying consolidated statements of financial position.

Capital Assets

Capital assets are stated at cost or estimated market value at date of receipt from donors. The Foundation capitalizes assets with a value greater than \$5,000. Depreciation on capital assets is charged to expense using the straight-line method based on their estimated useful lives.

The estimated useful lives for each major depreciable classification of capital assets are as follows:

Buildings	40 years
Furniture and fixtures	3 to 15 years
Other plant assets	3 to 25 years

The Foundation has elected to capitalize collections that include art, rare books, photographs, letters, journals, manuscripts, and musical instruments. These items are capitalized at cost or, if a gift, at the fair market value on the date of the gift.

Long-Lived Asset Impairment

The Foundation evaluates the recoverability of the carrying value of long-lived assets whenever events or circumstances indicate the carrying amount may not be recoverable. If a long-lived asset is tested for recoverability and the undiscounted estimated future cash flow expected to result from the use and eventual disposition of the asset is less than the carrying amount of the asset, the asset cost is adjusted to fair value, and an impairment loss is recognized as the amount by which the carrying amount of a long-lived asset exceeds its fair value. There was no impairment loss recognized during the years ended June 30, 2022 and 2021.

Funds Held in Trusts by Others

The Foundation is the beneficiary of irrevocable trust funds held by others. The Foundation has recorded the fair value of the ownership interest of the trusts as net assets with donor restrictions.

Funds Held in Trusts for Others

The Foundation has entered into agreements with other entities to serve as agent for certain trusts. The Foundation manages these investments as a part of these agency agreements. The Foundation records

University of Louisville Foundation, Inc. and Affiliates

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

June 30, 2022 and 2021

these investments within investments and funds held in trusts for others on the consolidated statements of financial position. The Foundation, acting in an agent capacity, does not reflect earnings on investments held in trust for others on the consolidated statements of activities, since these earnings are distributed to the owners of the funds.

Unrestricted Bequests

The Foundation follows the policy of designating all received unrestricted bequests of \$100,000 or greater as funds functioning as board-designated endowments.

Gifts

Gifts of cash and other assets received are reported as net assets with donor restrictions, as appropriate. When a donor-stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported on the consolidated statement of activities as net assets released from restrictions.

Unconditional gifts expected to be collected within one year are reported at their net realizable value. Unconditional gifts expected to be collected in future years are initially reported at fair value determined using the discounted present value of estimated future cash flows technique. An allowance on uncollectible pledges is recorded based on such factors as collection and payment history, type of gift, and nature of fundraising. Scheduled payments past due are allowed.

Conditional gifts depend on the occurrence of a specified future and uncertain event to bind the potential donor and are recorded when the conditions are met and the gift becomes unconditional.

In-Kind Contributions

In addition to receiving cash contributions, the Foundation receives in-kind contributions of library materials, art, vehicles, and other educational equipment and supplies from various donors. The Foundation records income for the estimated fair value of in-kind donations in the period they are received and records as assets or as part of the program or supporting services expense upon use on its consolidated financial statements. The Foundation received approximately \$405,000 and \$571,000 of in-kind gifts for the years ended June 30, 2022 and 2021, respectively. Unless otherwise noted, contributed nonfinancial assets did not have donor-imposed restrictions and were immediately contributed to the University.

Contributed library materials, vehicles, art and other educational equipment and supplies were utilized in program services. In valuing those items, the Foundation utilizes third party valuation specialists to estimate fair value that is generally performed on the basis of recent comparable sale prices in the applicable market.

Rental Revenue and Deferred Rent

Rental revenue is recognized over the terms of each tenant's lease agreement on a straight-line basis. Certain of TNRP's lease agreements are structured to include scheduled and specific rent increases over the lease term. The amount by which straight-line rental revenue exceeds minimum rents collected in accordance with the lease agreements is included in deferred rent receivables. Accrued income from these leases reflected as deferred rent, which is included in accounts receivable, net on the consolidated statements of financial position, was approximately \$3.3 million and \$3.4 million as of June 30, 2022 and 2021, respectively, respectively.

Total revenues do not include sales tax because the Foundation is a pass-through conduit for collecting and remitting sales, use and other similar taxes.

University of Louisville Foundation, Inc. and Affiliates

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

June 30, 2022 and 2021

Tax Status

The Foundation and primarily all of its affiliates are recognized by the Internal Revenue Service (IRS) as exempt from federal income tax under Section 501(a) of the Internal Revenue Code as charitable organizations qualifying under Internal Revenue Code Section 501(c)(3), except for income taxes pertaining to unrelated business income. Under U.S. GAAP, the tax effects from uncertain tax positions are to be recognized in the consolidated financial statements only if the position is more likely than not to be sustained if the position were to be challenged by a tax authority. Certain of ULF's affiliates are single-member limited liability companies, which are considered disregarded entities for tax purposes.

The Foundation completed an analysis of its uncertain tax positions in accordance with applicable accounting guidance and determined there are no amounts to be recognized on the consolidated financial statements at June 30, 2022 or 2021.

Recent Accounting Pronouncements

In September 2020, the Financial Accounting Standards Board (FASB) issued ASU 2020-07, *Not-for-Profit Entities (Topic 958) – Presentation and Disclosures by Not-for-Profit Entities for Contributed Non-financial Assets*. This ASU intends to improve the transparency of disclosures in the notes to financial statements by requiring distinct presentation of contributed non-financial assets within the statement of activities and clarification of the contributed non-financial assets by category within the notes. The ASU is effective for annual reporting periods ending after June 15, 2022, with early adoption permitted. The Foundation adopted this new standard for the fiscal year ended June 30, 2022.

Reclassifications

Certain amounts as previously reported here have been reclassified in order to conform to the current year presentation.

Total financial assets	976,692	1,019,731
Less amounts not available to be used within one year:		
Endowments with donor restrictions, net of current year spending appropriations	(596,053)	(616,105)
Quasi-endowments established by the board, net of current year spending appropriations	(195,744)	(212,237)
Funds held in trust by others	(63,360)	(74,711)
Contributions receivable not due within one year, net	(10,957)	(3,677)
	(866,114)	(906,730)
Total financial assets available to meet general expenditures over the next twelve months	\$ 110,578	\$ 113,001

The Foundation has certain board-designated assets limited to use that are available for general expenditure within one year in the normal course of operations. These assets are part of the governing board-designated policy and included in the information above. It is the Foundation's practice to utilize the income from the endowments for operations; however, the entire amount could be made available, if necessary.

Institutional support	21,148	22,098
Public service	263	275
	<u>\$ 59,287</u>	<u>\$ 60,316</u>

NOTE 4 - DUE TO THE UNIVERSITY

In accordance with the Foundation's memorandum of understanding with the University, the Foundation receives and disburses monies on behalf of the University. The net amount of these receipts and disbursements approximated a payable of \$4.1 million and \$4.5 million as of June 30, 2022 and 2021, respectively, which is recorded as an amount due to the University on the consolidated statements of financial position. Generally, the receivable or payable is cleared within the subsequent month; however, no formal agreement governs the time period in which payments are to be made.

NOTE 5 - CONTRIBUTIONS RECEIVABLE, NET

Contributions receivable are discounted using rates on risk-free obligations ranging from 0.2% to 4.2% for both 2022 and 2021. Contributions receivable, are due to be collected as follows as of June 30 (in thousands):

	<u>2022</u>	<u>2021</u>
Less than one year	\$ 6,507	\$ 10,471
One to five years	17,785	8,197
Greater than five years	1,151	2,341

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

June 30, 2022 and 2021

Conditional promises of gifts depend on the occurrence of a specific and uncertain event. The Foundation has not recorded these types of gifts on the consolidated financial statements. The fair market value of these conditional gifts is as follows as of June 30 (in thousands):

	<u>2022</u>	<u>2021</u>
Bequests	\$ 280,902	\$ 281,359
Other	<u>32,852</u>	<u>32,438</u>
Total	<u>\$ 313,754</u>	<u>\$ 313,797</u>

NOTE 6 - ENDOWMENTS

The Foundation's endowment consists of individual funds established for a variety of purposes. The endowment includes both donor-restricted endowment funds and funds designated by the Board to function as endowments (board-designated endowment funds). As required by U.S. GAAP, net assets associated with endowment funds, including board-designated endowment funds, are classified and reported based on the existence or absence of donor-imposed restrictions.

The Foundation's Board has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA), adopted in the Commonwealth of Kentucky in July 2010, as requiring preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds, absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classifies as net assets with donor restrictions (a) the original value of gifts donated to the endowment, (b) the original value of subsequent gifts to the endowment, and (c) accumulations to the endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. This policy is consistent for both donor-restricted endowment funds and board-designated endowment funds that have donor restrictions.

Contributions	-	6,571	6,571
Appropriations	(660)	(22,045)	(22,705)
Other changes/transfers	(4,114)	8,415	4,301
Endowment net assets, end of year	<u>\$ 36,987</u>	<u>\$ 826,461</u>	<u>\$ 863,448</u>

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the fair value level that the Foundation is required to retain as a fund of perpetual duration pursuant to donor stipulation or UPMIFA. In accordance with U.S. GAAP, deficiencies of this nature are reported in net assets with or without donor restrictions and aggregated to approximately \$325,000 and \$0 at June 30, 2022 and 2021, respectively, in net assets with donor restrictions. These deficiencies resulted from unfavorable market fluctuations that occurred after investment of contributions with donor restrictions. The Foundation's spending policy allows for a pro-rated amount of appropriations in certain instances of endowments with these deficiencies.

The Foundation has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs and other items supported by its endowment while seeking to maintain the purchasing power of the endowment. Endowment assets include those assets of donor-restricted endowment funds that the Foundation must hold in perpetuity or for donor-specified periods, as well as those of board-designated endowment funds.

Under the Foundation's policies, endowment assets are invested in a manner that is intended to produce results that achieve a minimum net total return that is equal to the Foundation's spending rate plus inflation without the assumption of excessive investment risk. To satisfy its long-term rate of return objectives, the Foundation relies on a total return strategy in which investment returns are achieved through both current yield (investment income, such as dividends and interest) and capital appreciation (both realized and unrealized). The Foundation targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within acceptable risk constraints.

University of Louisville Foundation, Inc. and Affiliates

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

June 30, 2022 and 2021

The Foundation has a standing policy (i.e., “spending policy”) of appropriating for expenditure each year a percentage of certain endowment funds’ average market values over the prior twelve-quarters through the calendar year-end preceding the year in which expenditure is planned. The Foundation will adjust the spending policy for a given year to mitigate adverse market performance on the level of support provided to the University.

In April 2021, the Board of the Foundation approved a 3.00% spending policy for the fiscal year 2021-2022 for support to the academic units and allocated 1.00% for overall fundraising efforts and operations of the Foundation. The spending policy is based on a twelve-quarter moving average of certain market values as of December 31.

In April 2022, the Board of the Foundation approved a 4.00% spending policy for the fiscal year 2022-2023 for support to the academic units and allocated 0.75% for overall fundraising efforts and operations of the Foundation. The spending policy is based on a twelve-quarter moving average of certain market values as of December 31. The annual (loss) return for total endowment assets was (5%) and 34% in 2022 and 2021, respectively.

NOTE 7 - INVESTMENTS

Investments as of June 30 are as follows (in thousands):

	2022	2021
Cash equivalents	\$ 55,755	\$ 50,790
Alternative investments:		
Hedge funds	87,449	114,262
Investments in partnerships	478,467	474,779
Mutual funds:		
Equity	168,635	153,005
Fixed income	15,088	18,837
Domestic marketable equity securities	34,748	50,996
U.S. Treasury debt securities	38,385	42,408
Total investments	\$ 878,527	\$ 905,077

The market risk inherent in certain of the Foundation’s investments is primarily the potential loss arising from adverse changes in quoted market prices on equity securities and in interest rates on fixed income securities. To mitigate this market risk, the Foundation has adopted a policy of maintaining a diverse investment pool through the use of target asset allocation guidelines. These guidelines require that the Foundation’s investment pool be made up of a mix of publicly traded fixed income and equity securities, private equities and other nonmarketable securities, and real estate investments.

A major portion of investments is pooled in the total endowment assets, which is the main endowment pool for the Foundation. The total endowment assets are pooled using a market value basis, with each individual fund subscribing to, or disposing of, units on the basis of the market value per unit at the end of the prior calendar month during which the transaction takes place.

University of Louisville Foundation, Inc. and Affiliates

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

June 30, 2022 and 2021

Alternative Investments

The fair value of alternative investments has been estimated using the NAV per share of the investments. Alternative investments held at June 30 consisted of the following (in thousands):

	2022			
	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Hedge funds ^(a)	\$ 87,449	\$ -	Various from monthly to illiquid	Various from 30 to 90 days
Investments in partnerships ^(b)	478,467	92,727	Various from monthly to illiquid	Various from 30 to 180 days
	2021			
	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Hedge funds ^(a)	\$ 114,262	\$ 1,000	Various from monthly to illiquid	Various from 30 to 90 days
Investments in partnerships ^(b)	474,779	65,882	Various from monthly to illiquid	Various from 30 to 180 days

^(a) Hedge funds include investments in long and short primarily in U.S. common stocks, equity and fixed income instruments to profit from economic, political, and government driven events, and other strategies to diversify risks and reduce volatility. The fair values of hedge funds have been estimated using the net asset value per share of the investments.

^(b) Investments in partnerships generally make investments, both global and domestic, directly into private companies. Capital can be used to fund new technologies, to expand working capital within an owned company, to make acquisitions or to strengthen a balance sheet, among other things. Funds with these strategies generally invest in diversified portfolios, including equities, fixed income securities and derivatives; these funds may use leverage, sell financial instruments short and/or invest in illiquid investments.

The fair value of investments is based on available information and does not necessarily represent amounts that might ultimately be realized, which depend on changing circumstances and cannot be reasonably determined until the investments are liquidated. The fair value may differ significantly from the values which would have been used had a ready market for the investments existed.

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized on the accompanying consolidated statements of financial position, as well as the general classification of such assets and liabilities pursuant to the valuation hierarchy. The Foundation does not have any assets classified as Level 3 of the fair value hierarchy.

University of Louisville Foundation, Inc. and Affiliates
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED
June 30, 2022 and 2021

There have been no significant changes in the valuation techniques during the year ended June 30, 2022.

Cash Equivalents

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy.

Investments

Level 1 securities include equity and fixed income mutual funds, along with domestic equity securities and U.S. Treasury securities, which are valued based on quoted market prices.

Funds Held in Trust by Others

Fair value is determined at the fair market values of the underlying marketable debt and equity securities in the beneficial trusts at June 30, 2022 and 2021. The Foundation's fair value is determined based on its proportional beneficial interest in the trust, with the Foundation as the sole beneficiary of the majority of the trusts. Due to the nature of the valuation inputs, the interests are classified within Level 2 of the hierarchy.

NOTE 9 - FUNDS HELD IN TRUST BY OTHERS

The Foundation has been designated by the University as the income beneficiary of various trusts and financial entities that are held and controlled by others. One of these is a perpetual and irrevocable trust known as the University of Louisville Trust (the Trust). It was created in 1983 to receive, administer, and invest assets that result from gifts to the Trust. The market value of the Trust was approximately \$27 million and \$35 million as of June 30, 2022 and 2021, respectively.

The Foundation's portion of the market value of the remaining trusts was approximately \$32 million and \$40 million as of June 30, 2022 and 2021, respectively. These funds are invested in various equities and income-producing assets. For the years ended June 30, 2022 and 2021, the Foundation recorded (losses) income of \$(12.9) million and \$17.8 million, respectively, from these trusts, which is included in changes in funds held in trust by others on the consolidated statements of activities and changes in net assets.

University of Louisville Foundation, Inc. and Affiliates
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

June 30, 2022 and 2021

NOTE 10 - CAPITAL ASSETS, NET

Capital assets, net at June 30 consist of the following (in thousands):

	2022	2021
Land	\$ 5,483	\$ 5,483
Buildings	37,875	37,875
Other plant assets	22,263	22,187
	65,621	65,545
Accumulated depreciation	(17,694)	(16,066)
Construction in process	988	988
Total capital assets, net	\$ 48,915	\$ 50,467

Depreciation expense for the years ended June 30, 2022 and 2021, was approximately \$1.6 million and \$1.9 million, respectively.

NOTE 11 - FUNDS HELD IN TRUST FOR OTHERS

The Foundation is the custodian of funds owned by the Association. The Association is a separate corporation organized for the purpose of promoting the intercollegiate athletic activities of the University. As of June 30, 2022 and 2021, the Foundation held approximately \$3.4 million and \$3.5 million, respectively, for the Association's investment purposes.

The Foundation entered into an agreement with Legacy Foundation of Kentuckiana, formerly Jewish Hospital & St. Mary's Healthcare, Inc. (Jewish Hospital) whereby the Foundation serves in an agency capacity to invest funds on behalf of Jewish Hospital. Jewish Hospital is a separate corporation organized for the purpose of providing health care services. As of June 30, 2022 and 2021, the Foundation held approximately \$10.4 million and \$10.7 million, respectively, for Jewish Hospital's investment purposes.

The Foundation was the recipient of endowed funds, the income of which shall be used in support of the Louisville Orchestra. As of June 30, 2022 and 2021, the Foundation held approximately \$270,000 and \$274,000, respectively, for the benefit of the Louisville Orchestra.

The Foundation, acting in an agent capacity, does not reflect earnings on investments held in trust for others on the consolidated statements of activities, since these earnings are distributed to the owners of the funds.

	(300)	(322)
Less bond issuance costs		
	\$ 31,504	\$ 32,731
Bonds and notes payable, net		

Bonds Payable

In August 2013, the Foundation issued \$37.5 million of University of Louisville Foundation, Inc. Taxable Fixed Rate Bonds Series 2013 (2013 bonds). Principal payments of \$850,000 to \$2.5 million are due annually through maturity, and interest is due semiannually at fixed rates from 3.6% to 5.6%. Final maturity on the 2013 bonds is March 1, 2043.

Term Note Payable

In January 2018, the Foundation issued a \$1.9 million note payable. Amounts outstanding under the note bear a 3.23% fixed interest rate. The note matures in January 2023.

Principal payments on the above obligations due in the next five years and thereafter as of June 30, 2022 are as follows (in thousands):

2023	\$ 984
2024	920
2025	960
2026	1,000
2027	1,045
Thereafter	26,895
	\$ 31,804

NOTE 13 - GUARANTEES

Loan

In December 2010, ULF guaranteed 51% of the outstanding loan of Campus One through September 1, 2028. As of June 30, 2022 and 2021, the amount under guarantee was \$6.3 million and \$6.6 million, respectively.

The Foundation has not made any payments on this guarantee to date.

University of Louisville Foundation, Inc. and Affiliates

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

June 30, 2022 and 2021

Lease Guarantee

In December 2006, the Foundation became the guarantor of payments due to University Faculty Office Building, LLC (UFOB) under the Master Lease agreement between the Medical School Practice Association, Inc. (MSPA) and UFOB. The Foundation has guaranteed the full and prompt payment of all amounts due to UFOB, including any damages for default and payments to reimburse UFOB for any costs and expenses incurred by UFOB to cure any default by MSPA. The initial lease term is 15 years, which began in July 2008. The annual lease payments due from MSPA to UFOB are approximately \$3.5 million, with an annual inflation of 3%. The Foundation has not made any payments on this guarantee to date.

NOTE 14 - RELATED-PARTY TRANSACTIONS

Included in the spending policy contribution to the University is a specific component designed to approximate the Foundation's allocated portion of salaries, benefits, and certain other administrative support costs related to fundraising and advancement. These amounts were approximately \$4.9 million and \$6.3 million for the years ended June 30, 2022 and 2021, respectively, and are included in contributions and allocations to the University departments on the consolidated statements of activities and changes in net assets.

For the years ended June 30, 2022 and 2021, the Foundation recorded approximately \$2.3 million in revenues from the University and related affiliates, which is included in rental revenues and other revenues on the consolidated statements of activities and changes in net assets.

NOTE 15 - TRANSACTIONS WITH UNIVERSITY OF LOUISVILLE REAL ESTATE FOUNDATION, INC. AND AFFILIATES (ULREF)

In connection with the assignment of certain membership interests to ULREF, the Foundation entered into a memorandum of agreement effective June 30, 2016, with ULREF and certain of its affiliates whereas ULREF promises, and agrees, to pay to the Foundation approximately \$28.9 million. The unpaid balances shall bear no interest. ULREF may make payments on the unpaid balance at any time, in whole or in part, without premium or penalty.

At June 30, 2022 and 2021, the net receivable from ULREF is \$8.6 million and \$12.1 million, respectively, and is included as due from ULREF on the consolidated statements of financial position. The amount due from ULREF is included within the endowment assets as of June 30, 2022 and 2021. See Note 6 for further information regarding the endowment.

NOTE 16 - LEASING ACTIVITIES

TNRP leases space to tenants under noncancelable operating leases. As of June 30, 2022 and 2021, TNRP had leases with three tenants. These leases expire in 2 to 9 years, through 2031. These leases generally require TNRP to pay all executory costs (property, taxes, maintenance, and insurance).

University of Louisville Foundation, Inc. and Affiliates
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED
June 30, 2022 and 2021

Future leasing rent payments due to TNRP during the next five years ending June 30 and thereafter were as follows (in thousands):

NOTE 18 - COMMITMENTS AND CONTINGENCIES

The Foundation is subject to claims and lawsuits that arise primarily in the ordinary course of its activities. Management assesses the probable outcome of unresolved litigation and records estimated settlements, if applicable. It is the opinion of management that the disposition or ultimate resolution of such claims and lawsuits will not have a material effect on the consolidated financial position, results of activities, and changes in net assets and cash flows of the Foundation.

NOTE 19 - SUBSEQUENT EVENTS

The Foundation has evaluated subsequent events through September 29, 2022, which is the date the consolidated financial statements were issued. No recognized or non-recognized subsequent events were identified for recognition or disclosure on the consolidated financial statements.
